

MAY 18 2012

GREGORY C. LANGHAM
 CLERK

UNITED STATES DISTRICT COURT
 FOR THE DISTRICT OF COLORADO

| | | |
|---|--|---|
| 1 2 3 4 5 6 7 8 9 | SUNLUST PICTURES, LLC Plaintiff, vs. JOHN DOE, Defendant |) Case No.: 1:12-cv-00656-CMA-KMT)) <u>NOTICE OF MOTION AND MOTION TO QUASH</u>) <u>SUBPOENA SERVED UPON CUSTODIAN OF</u>) <u>RECORDS, CHARTER COMMUNICATIONS, INC.</u>)) Date: May 15, 2012) Magistrate Judge Kathleen M. Tafoya)) |
|---|--|---|

TO ALL PARTIES AND THEIR ATTORNEYS OF RECORD:

1. Pursuant to Fed. R. Civ. P. 45(c)(3)(A), DOE (number 1,054 of 1,415 IP Addresses listed in Claim 1:12-cv-00656-CMA-KMT, Page 24 of 32 of claim's EXHIBIT A, IP Address 75.142.192.28, as EXHIBIT 1 attached) herein after referred to as 'DOE', files this Motion to Quash Subpoena served upon Custodian of Records, Charter Communications, Inc. because the subpoena requires disclosure of protected information and subjects DOE to undue burden.

Additionally, the subpoena seeks information that is not relevant given Plaintiff's inability to link DOE to alleged infringing activity in conjunction with 1,414 joint tortfeasors. Sunlust Pictures, LLCs' improper joinder of DOE to 1,414 joint tortfeasors in a single action also weighs in favor of quashing the subpoena.

2. Plaintiff filed suit in the District of Colorado (Case 1:12-cv-00656-CMA-KMT) against DOE (actually 1,415 unnamed DOE defendants, who are identified in the Complaint only by internet protocol (IP) addresses). Plaintiff alleges that the DOE defendant has obtained an adult video in violation of Plaintiff's copyrights: Sunny Leone-Goddess.

1 3. DOE is a resident of the City of Riverside, California. Charter
2 Communications, Inc. is an internet service provider (ISP) that
3 provides internet service to its customers, including DOE.
4 Plaintiff, Sunlust Pictures, LLC, on information and belief, is a
5 producer of adult entertainment films and content. Plaintiff served
6 a subpoena on Custodian of Records, Charter Communications, Inc. to
7 compel the disclosure of documents to identify the name, address,
8 telephone number, and e-mail address of DOE, so DOE can be named as a
9 defendant in Plaintiff's copyright infringement action. A true and
10 correct copy of the subpoena is attached as **EXHIBIT 1**.

11 4. **Venue Is Improper As To DOE.** Sunlust Pictures, LLC has asserted that
12 venue is proper under either 28 U.S.C. § 1391(b), the general venue
13 statute, or § 1400(a), the specific statute for copyright claims.
14 Compl. ¶ 7. In fact, in a case such as this where the only claim is
15 for copyright infringement, only the copyright specific venue statute
16 applies. See *Lumiere v. Mae Edna Walker, Inc.*, 261 U.S. 174, 176
17 (1923); *Time, Inc. v. Manning*, 366 F.2d 690, 696 (5th Cir. 1966);
18 *Goldberg v. Cameron*, 482 F. Supp.2d. 1136, 1143 (N.D. Cal. 2007).
19 Under § 1400(a), the only applicable venue statute, venue is proper
20 only as to defendants who "reside[] or may be found" in this
21 District. As discussed above, this does not apply to DOE and Sunlust
22 Pictures, LLC could easily have determined this before filing the
23 case. Requiring DOE to litigate in this District – beginning with a
24 motion to quash a subpoena for DOE's identifying information –
25 creates exactly the sort of hardship and unfairness that the venue
26 requirement exists to prevent requiring DOE to urgently secure
27 counsel far from home, where DOE does not have contacts. In this case
28 the hardship is very clear, as the cost of securing counsel

1 is likely more than the cost of settlement. It is, again, no answer
2 to say that DOE does not bear this cost until formally named in a
3 suit. Once DOE is identified in response to a subpoena, DOE would be
4 pressured to settle before ever being formally named and must then
5 retain counsel or settle without counsel.

- 6 **5. Lack of personal jurisdiction.** DOE has standing to move to quash the
7 subpoena because it seeks disclosure of personal identification
8 information considered to be confidential and over which DOE has
9 personal and proprietary interests. DOE also has standing to move to
10 quash the subpoena to protect reputational interests. FED. R. CIV.
11 P. 45(c)(3)(B) allows a person affected by, but not subject to, a
12 subpoena to move to quash the subpoena.

13 DOE has standing to quash the subpoena because the District of
14 Colorado lacks personal jurisdiction over DOE.

- 15 **6.** Plaintiff filed an ex parte application for 'early discovery' (before
16 a Rule 26(f) conference) so that it could serve subpoena's on ISPs,
17 such as Charter Communications, Inc. to determine the internet
18 subscriber names, addresses, and e-mail addresses associated with the
19 IP addresses listed in its Complaint. Magistrate Judge Kathleen M.
20 Tafoya of the District of Colorado, entered the order attached hereto
21 as **Exhibit 2** permitting service of subpoenas on ISPs. This Motion to
22 Quash is timely filed as Charter Communications, Inc. notified DOE of
23 the subpoena on May 10, 2012.

- 24 **7. Subpoena is oppressive and presents an undue burden.** The Sunlust
25 Pictures, LLC complaint and ex parte request for expedited discovery
26 form yet another in a wave of suits in which copyright infringement
27 plaintiffs seek to 'tag' a defendant based solely on an IP address.
28 However, an IP address is not equivalent to a person or entity. It

1 is not a fingerprint or DNA evidence - indeed, far from it. In a
2 remarkably similar case, Order of Apr. 29, 2011, *VPR Internationale*
3 v. *DOES* 1 - 1,017, No. 2:11-cv-02068 (Central District of
4 Illinois) (Judge Harold A. Baker) [herein after *VPR Internationale*
5 Order], in which an adult entertainment content producer also sought
6 expedited discovery to learn the identity of persons associated with
7 IP addresses, United States District Judge Harold Baker denied a
8 motion for expedited discovery and reconsideration, holding that, "IP
9 subscribers are not necessarily copyright infringers...The infringer
10 might be the subscriber, someone in the subscriber's household, a
11 visitor with her laptop, a neighbor, or someone parked on the street
12 at any given moment." The point so aptly made by Judge Baker is that
13 there may or may not be a correlation between the individual
14 subscriber, the IP address, and the infringing activity. *Id.* This
15 risk of false identification and false accusations through disclosure
16 of identities of internet subscribers is presented here. Given the
17 nature of the allegations and the material in question, should this
18 Court force Charter Communications, Inc. to turn over the requested
19 information, DOE would suffer a reputational injury.

- 20 8. If the mere act of having an internet address can link a subscriber
21 to copyright infringement suits, internet subscribers such as DOE
22 will face untold reputational injury, harassment, and embarrassment.
23 The reputational risk that Judge Baker found to be an undue burden is
24 equally presented here: "[W]hether you're guilty or not, you look
25 like a suspect." *Id.* At 3. Moreover, this case presents the same
26 extortion risk that so concerned Judge Baker:

27 "Could expedited discovery be used to wrest
28 quick settlements, even from people who have

1 done nothing wrong? The embarrassment of public
2 exposure might be too great, the legal system to
3 daunting and expensive, for some to ask whether
4 VPR has competent evidence to prove its case."

5 *Id.* Discovery is not a game. Yet, plaintiffs in these types of
6 cases use discovery to extort settlements from anonymous defendants
7 who wish to avoid the embarrassment of being publicly associated with
8 this type of allegation. *Id.* Such abuse of the discovery process
9 cannot be allowed to continue.

10 9. **Subpoena must seek relevant information.** This subpoena should not
11 have been issued in the first place because the information sought is
12 not relevant to Plaintiff's allegations. Implicit in the rule
13 granting subpoena power is a requirement that the subpoena seeks
14 relevant information. See *Syposs v. United States*, 181 F.R.D.
15 224,226 (W.D.N.Y. 1998) ("the reach of a subpoena issued pursuant to
16 [FED. R. CIV.P.45] is subject to the general relevancy standard
17 applicable to discovery under [FED.R.CIV.P.26(b)(1)]."). The
18 information linked to an IP address cannot give you the identity of
19 the infringer. *VPR Internationale Order*, at 2. Because the
20 infringer could have been anybody with a laptop passing within range
21 of the router, the information sought by Plaintiff is not relevant to
22 the allegations in any way. *Id.* Moreover, even if the information
23 has some small amount of relevance to the claim - which it does not -
24 discovery requests cannot be granted if the quantum of relevance is
25 outweighed by the quantum of burden to the defendant. FED.R.CIV.P.
26 26(b)(2)(C)(iii). Plaintiff's request fails that balancing test.
27 Given that DOE was only one of many persons who could have used the
28 IP address in question, the quantum of relevance is miniscule at

best. However, as discussed above, the burden to DOE is severe. The lack of relevance on the one hand, measured against the severe burden of risking a significant reputational injury on the other, means that this subpoena fails the Rule 26 balancing test. *Id.* Plaintiff's request for information is an unjustified fishing expedition that will cause reputational injury, prejudice, and undue burden to DOE if allowed to proceed. Good cause exists to quash the subpoena served on Charter Communications, Inc. to compel the disclosure of the name, address, telephone number and e-mail address of DOE.

10. Plaintiff Has Improperly Joined DOE and 'his joint tortfeasors' based on Entirely Disparate Alleged Acts. Rule 20 of the Federal Rules of Civil Procedure ("Rule 20") allows for joinder of defendants when two conditions are met. First, a plaintiff must demonstrate that its "right to relief is asserted against DOE jointly, severally, or in the alternative with respect to or arising out of the same transaction, occurrence, or series of transactions or occurrences." Fed. R. Civ. P. 20(a)(2). Second, "any question of law or fact *common to all defendants* [must] arise in the action." *Id.* (emphasis added). Even if these requirements are satisfied, a "court may issue orders—including an order for separate trials—to protect a party against embarrassment, delay, expense, or other prejudice" Fed. R. Civ. P. 20(b).

Here, Sunlust Pictures, LLC has not shown, and cannot show, that joinder of DOE and 1,414 other alleged joint tortfeasors is appropriate or otherwise complies with the Federal Rules of Civil Procedure. See *IO Grp., Inc. v. Does 1-435*, No. 10-4382, 2011 WL 445043, at *6 (N.D. Cal. Feb. 3, 2011) ("filing one mass action in order to identify hundreds of doe defendants through pre-service

1 discovery and facilitate mass settlement, is not what the joinder
2 rules were established for"). The misjoinder of DOE and 1,414 alleged
3 joint tortfeasors widely separated in time and geography is another
4 defect in Sunlust Pictures, LLC case that makes the injustice to DOE
5 even more probable if discovery proceeds. Thus, it is an independent
6 ground for quashing the subpoena as an exercise of this Court's
7 authority to limit discovery.

8 **11. FOR THE REASONS OF** 1) personal jurisdiction and improper venue, DOE resides
9 in California and does not conduct business in the District of Colorado, nor
10 was DOE physically outside of the City of Riverside, California when the
11 alleged download occurred, 2) undue burden to DOE, risk to reputation and
12 risk of using discovery to extort settlements from anonymous defendants who
13 wish to avoid public embarrassment associated with this type of allegation
14 and 3) Joinder of DOE to 1,414 other alleged joint tortfeasors does not
15 comply with Rule 20 of the Federal Rules of Civil Procedure ("Rule 20"),
16 DOE (IP address 75.142.192.28) requests that this Court quash the subpoena
17 served on Charter Communications, Inc. as it relates to DOE's IP address
18 75.142.192.28.

IP address 75.142.192.28

EXHIBIT 1

**IN THE UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF COLORADO**

SUNLUST PICTURES, LLC,

Plaintiff,

v.

JOHN DOE,

Defendant.

CASE NO.

Judge:

Magistrate Judge:

COMPLAINT

JURY TRIAL DEMANDED

Plaintiff Sunlust Pictures, LLC, through its undersigned counsel, hereby files this
Complaint requesting damages and injunctive relief, and alleges as follows:

NATURE OF THE CASE

1. Plaintiff files this action for copyright infringement under the United States Copyright Act and related common law claims of civil conspiracy and contributory infringement to combat the willful and intentional infringement of its creative works. John Doe and his joint tortfeasors, whose names Plaintiff expects to ascertain during discovery, knowingly and illegally, reproduced and distributed Plaintiff's copyrighted creative work, and materially contributed to the infringing conduct by acting in concert via the BitTorrent file sharing protocol and, upon information and belief, continue to do the same. Plaintiff seeks a permanent injunction, statutory or actual damages, award of costs and attorney's fees, and other relief.

THE PARTIES

2. Plaintiff Sunlust Pictures, LLC is a limited liability company organized and existing under the laws of the State of California. Plaintiff is the exclusive holder of the relevant rights with respect to the copyrighted creative work at issue in this Complaint.

3. Plaintiff is a producer of adult entertainment content. Plaintiff invests significant capital in producing the content associated with its brand and has produced substantial numbers of videos and photographs. The copyrighted work at issue here is one of these adult videos, “Sunny Leone - Goddess” (the “Video”). The certificate of registration is attached hereto as Exhibit B.

4. John Doe’s and his joint tortfeasors’ actual names are unknown to Plaintiff. Instead, they are known to Plaintiff only by an Internet Protocol address (“IP address”), which is a number assigned to devices, such as computers, connected to the Internet. In the course of monitoring Internet-based infringement of its copyrighted content, Plaintiff’s agents observed unlawful reproduction and distribution occurring among the IP addresses listed on Exhibit A, attached hereto, via Bit Torrent protocol. John Doe’s IP address, identified as 71.237.3.10 (with his time of infringement indicated as February 11, 2012, 05:28:10 a.m. (UTC)), is listed in Exhibit A along with IP addresses of his joint tortfeasors.

5. Plaintiff cannot ascertain John Doe’s or his joint tortfeasors’ actual identities without information from their Internet Service Providers (“ISPs”).

JURISDICTION AND VENUE

6. This Court has subject matter jurisdiction over the copyright infringement claim under 17 U.S.C. §§ 101, *et seq.*, (the Copyright Act), 28 U.S.C. § 1331 (actions arising under the laws of the United States), and 28 U.S.C. § 1338(a) (actions arising under an Act of Congress relating to copyrights). This Court has supplemental jurisdiction over the civil conspiracy claim and the contributory infringement claim under 28 U.S.C. § 1367(a) because they are so related to Plaintiff’s copyright infringement claim, which is within this Court’s original jurisdiction, that these three claims form part of the same case and controversy under Article III of the United States Constitution.

7. This Court has personal jurisdiction because upon information and belief, John Doe either resides in or committed copyright infringement in the State of Colorado. Plaintiff used geolocation technology to trace the IP address of John Doe to a point of origin within the State of Colorado. Geolocation is a method for ascertaining the likely geographic region associated with a given IP address at a given date and time. Although not a litmus test for personal jurisdiction, the use of geolocation gives Plaintiff good cause for asserting that personal jurisdiction is proper over John Doe.

8. In the alternative, this Court has personal jurisdiction over John Doe under the Colorado long-arm statute, Colo. Rev. Stat. § 13-1-124 (1), because he downloaded copyrighted content from or uploaded it to Colorado residents, thus committing a tortious act within the meaning of the statute, and because he participated in a civil conspiracy and contributed to the commitment of copyright infringement with Colorado residents.

9. Venue is properly founded in this judicial district pursuant to 28 U.S.C. §§ 1391(b) and 1400(a) because John Doe resides in this District, may be found in this District, or a substantial part of the events giving rise to the claims in this action occurred within this District.

BACKGROUND

10. BitTorrent is a modern file sharing method (“protocol”) used for distributing data via the Internet.

11. Traditional file transfer protocols involve a central server, which distributes data directly to individual users. This method is prone to collapse when large numbers of users request data from the central server, in which case the server can become overburdened and the rate of data transmission can slow considerably or cease altogether. In addition, the reliability of

access to the data stored on a server is largely dependent on the server's ability to continue functioning for prolonged periods of time under high resource demands.

12. Standard peer-to-peer ("P2P") protocols involve a one-to-one transfer of whole files between a single uploader and single downloader. Although standard P2P protocols solve some of the issues associated with traditional file transfer protocols, these protocols still suffer from such issues as scalability. For example, when a popular file is released (e.g. an illegal copy of the latest blockbuster movie) the initial source of the file performs a one-to-one whole file transfer to a third party, who then performs similar transfers. The one-to-one whole file transfer method can significantly delay the spread of a file across the world because the initial spread is so limited.

13. In contrast, the BitTorrent protocol is a decentralized method of distributing data. Instead of relying on a central server to distribute data directly to individual users, the BitTorrent protocol allows individual users to distribute data among themselves. Further, the BitTorrent protocol involves breaking a single large file into many small pieces, which can be transferred much more quickly than a single large file and in turn redistributed much more quickly than a single large file. Moreover, each peer can download missing pieces of the file from multiple sources—often simultaneously—which causes transfers to be fast and reliable. After downloading a piece, a peer automatically becomes a source for the piece. This distribution method contrasts sharply with a one-to-one whole file transfer method.

14. In BitTorrent vernacular, individual downloaders/distributors of a particular file are called peers. The group of peers involved in downloading/distributing a particular file is called a swarm. A server which stores a list of peers in a swarm is called a tracker. A computer

program that implements the BitTorrent protocol is called a BitTorrent client. Each swarm is unique to a particular file.

15. The BitTorrent protocol operates as follows. First, a user locates a small “torrent” file. This file contains information about the files to be shared and about the tracker, the computer that coordinates the file distribution. Second, the user loads the torrent file into a BitTorrent client, which automatically attempts to connect to the tracker listed in the torrent file. Third, the tracker responds with a list of peers and the BitTorrent client connects to those peers to begin downloading data from and distributing data to the other peers in the swarm. When the download is complete, the BitTorrent client continues distributing data to other peers in the swarm until the user manually disconnects from the swarm or the BitTorrent client otherwise does the same.

16. The degree of anonymity provided by the BitTorrent protocol is extremely low. Because the protocol is based on peers connecting to one another, a peer must broadcast identifying information (i.e. an IP address) before it can receive data. Nevertheless, the actual names of peers in a swarm are unknown, as the users are allowed to download and distribute under the cover of their IP addresses.

17. The BitTorrent protocol is an extremely popular method for transferring data. The size of swarms for popular files can reach into the tens of thousands of unique peers. A swarm will commonly have peers from many, if not every, state in the United States and several countries around the world. And every peer in the swarm participates in distributing the file to dozens, hundreds, or even thousands of other peers.

18. The BitTorrent protocol is also an extremely popular method for unlawfully copying, reproducing, and distributing files in violation of the copyright laws of the United

States. A broad range of copyrighted albums, audiovisual files, photographs, software, and other forms of media are available for illegal reproduction and distribution via the BitTorrent protocol.

19. Efforts at combating BitTorrent-based copyright infringement have been stymied by BitTorrent's decentralized nature. Because there are no central servers to enjoin from unlawfully distributing copyrighted content, there is no primary target on which to focus anti-piracy efforts. Indeed, the same decentralization that makes the BitTorrent protocol an extremely robust and efficient means of transferring enormous quantities of data also acts to insulate it from anti-piracy measures. This lawsuit is Plaintiff's only practical means of combating BitTorrent-based infringement of the Video.

ALLEGATIONS COMMON TO ALL COUNTS

20. Plaintiff owns the copyright to the Video.

21. Plaintiff has applied for and received a certificate of copyright registration for the Video from the United States Copyright Office. The copyright registration number is PA 1-771-451.

22. The torrent file used to access the copyrighted material was named in a manner that would have provided an ordinary individual with notice that the Video was protected by the copyright laws.

23. Plaintiff employs proprietary P2P network forensic software to perform exhaustive real time monitoring of the BitTorrent-based swarm involved in distributing the Video. This software is effective in capturing data about the activity of peers in a swarm and their infringing conduct.

24. John Doe and his joint tortfeasors, without Plaintiff's authorization or license, intentionally downloaded a torrent file particular to Plaintiff's Video, purposefully loaded that

torrent file into their BitTorrent clients, entered a BitTorrent swarm particular to Plaintiff's Video, reproduced a copy of the Video and distributed the Video to numerous third parties.

25. Plaintiff observed John Doe's and his joint tortfeasors' activities in the torrent swarm specific to the Video and created a log identifying John Doe and his joint tortfeasors by their IP address and the date and time of their unlawful activity. The log regarding John Doe's and his joint tortfeasors' infringement is attached as Exhibit A.

COUNT I – COPYRIGHT INFRINGEMENT

26. Plaintiff hereby incorporates by reference each and every allegation contained in the preceding paragraphs as if fully set forth herein.

27. John Doe's and his joint tortfeasors' conduct infringes upon Plaintiff's exclusive rights of reproduction and distribution that are protected under the Copyright Act.

28. John Doe and his joint tortfeasors knew or had constructive knowledge that their acts constituted copyright infringement.

29. John Doe's and his joint tortfeasors' conduct was willful within the meaning of the Copyright Act: intentional, and with indifference to the Plaintiff's rights.

30. Plaintiff has been damaged by John Doe's and his joint tortfeasors' conduct, including but not limited to economic and reputation losses. Plaintiff continues to be damaged by such conduct, and has no adequate remedy at law to compensate the Plaintiff for all of the possible damages stemming from the John Doe's and his joint tortfeasors' conduct.

31. Plaintiff hereby reserves the right, pursuant to 17 U.S.C. § 504(c), to elect to recover statutory damages for each infringement, in lieu of seeking recovery of actual damages.

32. As John Doe's and his joint tortfeasors' infringement was intentional and willful, the Plaintiff is entitled to an award of statutory damages, exemplary damages, attorneys' fees, and the costs of the suit.

COUNT II – CIVIL CONSPIRACY

33. Plaintiff hereby incorporates by reference each and every allegation contained in the preceding paragraphs as if set forth fully herein.

34. In using the P2P BitTorrent file distribution method, John Doe and his joint tortfeasors engaged in a concerted action with other yet unnamed individuals to reproduce and distribute Plaintiff's Video by exchanging pieces of the Video file in the torrent swarm.

35. John Doe and his joint tortfeasors downloaded a torrent file, opened it using a BitTorrent client, and then entered a torrent swarm comprised of other individuals distributing and reproducing Plaintiff's Video.

36. Participants in the torrent swarm have conspired to provide other individuals with pieces of the Video in exchange for receiving other pieces of the same Video to eventually obtain a complete copy of the file.

37. In furtherance of this civil conspiracy, John Doe and his joint tortfeasors committed overt tortious and unlawful acts by using BitTorrent software to download the Video from and distribute it to others, and were willful participants in this joint activity.

38. As a proximate result of this conspiracy, Plaintiff has been damaged, as is more fully alleged above.

COUNT III – CONTRIBUTORY INFRINGEMENT

39. Plaintiff hereby incorporates by reference each and every allegation contained in the preceding paragraphs as if set forth fully herein.

40. John Doe and his joint tortfeasors are each and individually liable as contributory copyright infringers for the infringing act of fellow infringers in the swarm identified in Exhibit A to this Complaint. John Doe and his joint tortfeasors induced, caused, or materially contributed to each act of infringement by other fellow infringers in the same swarm.

41. John Doe and his joint tortfeasors had actual and constructive knowledge that they were illegally downloading and distributing Plaintiff's Video without authorization or consent.

42. John Doe and his joint tortfeasors, each and individually, knew or had reason to know that they were engaged in an act consisting of direct infringement of Plaintiff's copyright.

43. John Doe and his joint tortfeasors, acting with this actual and constructive knowledge, induced, caused, or materially contributed to the actions of their infringing peers seeking to illegally download and distribute Plaintiff's copyrighted Video which, due to the specific nature of BitTorrent technology, John Doe and his joint tortfeasors necessarily enabled to accomplish.

44. John Doe's and his joint tortfeasors' acts of infringement have been willful, intentional, and purposeful, in disregard of and indifferent to the rights of Plaintiffs.

45. As a result of the contributory infringement of the Video by John Doe and his joint tortfeasors, Plaintiff has been damaged, as is more fully alleged in Count I.

JOINDER OF JOINT TORTFEASORS

46. Plaintiff intends to seek leave of the Court to amend this complaint to join John Doe's joint tortfeasors as defendants in this action pursuant to Fed. R. Civ. P. 20(a)(2), subject to the constraints of venue and personal jurisdiction.

JURY DEMAND

47. Plaintiff hereby demands a jury trial in this case.

PRAYER FOR RELIEF

WHEREFORE, Plaintiff respectfully requests Judgment and relief as follows:

1) Judgment against John Doe that he has: a) willfully infringed Plaintiff's rights in federally registered copyrights pursuant to 17 U.S.C. § 501; and b) otherwise injured the business reputation and business of Plaintiff by his acts and conduct set forth in this Complaint;

2) Judgment in favor of the Plaintiff against John Doe for actual damages or statutory damages pursuant to 17 U.S.C. § 504, at the election of Plaintiff, in an amount to be ascertained at trial;

3) Order of impoundment under 17 U.S.C. §§ 503 & 509(a) impounding all infringing copies of Plaintiff's audiovisual works, photographs or other materials, which are in John Doe's possession or under their control;

4) On Count II, an order that John Doe is jointly and severally liable to Plaintiff in the full amount of the Judgment on the basis of a common law claim for civil conspiracy to commit copyright infringement; for an award of compensatory damages in favor of the Plaintiff and against John Doe, jointly and severally, in an amount to be determined at trial;

5) On Count III, an order that John Doe is jointly and severally liable to the Plaintiff in the full amount of Judgment on the basis of a common law claim for contributory infringement of copyright; for an award of compensatory damages in favor of the Plaintiff and against John Doe, jointly and severally, in an amount to be determined at trial;

6) Judgment in favor of Plaintiff against John Doe awarding the Plaintiff attorneys' fees, litigation expenses (including fees and costs of expert witnesses), and other costs of this action; and

7) Judgment in favor of the Plaintiff against John Doe, awarding Plaintiff declaratory and injunctive or other equitable relief as may be just and warranted under the circumstances.

[intentionally left blank]

EXHIBIT 2

IN THE UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF COLORADO
Magistrate Judge Kathleen M. Tafoya

Civil Action No. 12-cv-00656-CMA-KMT

SUNLUST PICTURES, LLC,

Plaintiff,

v.

JOHN DOE,

Defendant.

ORDER

This matter is before the court on “Plaintiff’s Motion for Leave to Take Discovery Prior to the Rule 26(f) Conference” (Doc. No. 6, filed Mar. 16, 2012 [Mot.]) and the Memorandum of Law in Support of Plaintiff’s Motion (Doc. No. 7, filed Mar. 16, 2012 [Memo.]). In this case, Plaintiff alleges that Defendant John Doe and his unidentified joint tortfeasors used BitTorrent protocol, a “modern file sharing method,” to infringe upon Plaintiff’s copyrighted material. (*See* Doc. No. 1, filed Feb. 15, 2012 [Compl.]) In its Motion, Plaintiff seeks a court order authorizing it to issue subpoenas pursuant to Fed. R. Civ. P. 45 to Internet Service Providers (ISPs) that provided internet services to Defendant and his joint tortfeasors. (*See* Mot.)

First, as a general rule, the use of “John Doe” or other fictitious names to identify a defendant is not favored. *Gillespie v. Civiletti*, 629 F.2d 637, 642 (9th Cir. 1980) (internal citation omitted). However, circumstances arise “where the identity of alleged defendants will
